To Whom It May Concern

DECLARATION OF DIMETHYL FUMARATE (DMF) COMPLIANCE

The European Commission passed Directive 2009/251/EC in 2009 requiring member states to pledge not to place products containing Biocide Dimethyl Fumarate (DMF) on the EU market.

The content of DMF in the product or its' parts should not exceed 0.1mg / kg (0.1ppm) and desiccant pouches containing DMF are banned from use in products and packaging.

Memcon products and packaging to the best of our knowledge do not contain Dimethyl Fumarate as specified in the DMF Directive 2009/251/EC and as such we do not consider any supply risk linked to DMF in relation to products manufactured by Memcon.

Yours sincerely
MEMCON LIMITED

Martin Gilbert
